

# **WS** CLASSIC

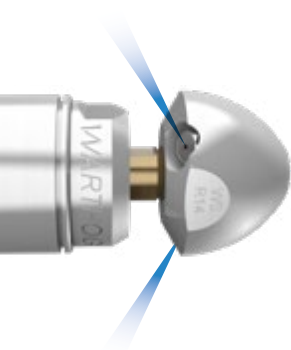

PIPE SIZE: **4-8"**  
INLET: **1/2" NPT**  
PRESSURE RATING: **1200-5000 psi**  
FLOW RATE: **9-21 gpm**  
SERVICE INTERVAL: **50 Hours**

**IDEAL FOR:** Plumbing professionals using trailer jetters to clean pipes in restaurants, hospitals, multi-story apartment buildings, residential, and other applications.

# WHY CHOOSE THE **WS** CLASSIC

- ➔ Jetted for an equal balance of pulling/flushing & cleaning/cutting
- ➔ Compact and highly maneuverable
- ➔ Optional whip hose to reduce wear on the pressure hose

## **STANDARD** HEAD

An equal balance of pulling/flushing & cleaning/cutting

An industry favorite, this versatile nozzle easily clears grease, roots, ice, and soil blockages from 4-8" pipes.
