TOTAL SOLUTION FOR PAINT AND COATING INDUSTRY

As India builds, modernises and transforms, the demand for better paints, coatings and surface solutions continues to evolve. From protection to performance, aesthetics to innovation, paints and coatings are becoming an integral part of India's industrial growth story.

The 8th Expo Paint & Coatings – Ahmedabad Edition brings this evolving ecosystem together under one platform. The success of the earlier Ahmedabad edition reaffirmed the strength of Gujarat as a key market for the Paint & Coatings industry. Building on this achievement, GUJPRAMSA (Gujarat Paint Raw Materials Association) continues its valued support for the 8th edition as well.

The history of robust positive response from exhibitors, buyers and industry professionals to EPC editions, has encouraged us to return with an even stronger platform. This comprehensive event will bring together top manufacturers, formulators, suppliers and buyers, offering unparalleled opportunities to network, share industry insights and forge valuable business relationships. With a vigorous promotional campaign and targeted outreach, the event is poised to attract over 7000–8000 industry professionals and decision-makers, making it the perfect platform to showcase your products and services.

WHY GUJARAT?

- **Dedicated Platform**

A focused paints & coatings exhibition, supported by GUJPRAMSA, to unite the sector's full value chain.

- **Chemical Powerhouse**

Home to major industrial clusters – Vapi, Ankleshwar, Dahej, Vadodara – a natural hub for decorative, industrial, marine, and protective coatings.

- **Strategic Location**

Ahmedabad and Vadodara offer strong infrastructure, connectivity, and proximity to key manufacturing zones.

- **A Clear Market Gap**

A leading demand and manufacturing hub, yet without a dedicated B2B platform for suppliers, formulators, applicators, and end-users.

- **Strong Infrastructure**

Well-connected ports (Kandla, Mundra), airports, and road/rail networks for easy domestic and international access.

- **Thriving Economy**

India's leading industrial state, offering fertile ground for innovation and new partnerships, supported by Government schemes.

MARKET DYNAMICS

India's paint and coatings market is projected to grow from USD 12.51 bn (2026) to USD 19.5 bn by 2031 (9.28% CAGR)

The market footprint spans both the dominant industrial paint segment and the essential decorative paint category.

Rapid urbanization and infrastructure development have led to a surge in construction projects, directly increasing demand for architectural paints used in buildings and structures. Government programs and allocation for affordable housing have boosted demand for paints.

The automotive sector's growth has led to increased demand for paints, particularly acrylic coatings used in interior and exterior surfaces.
