

Anhui Yiqin invites you to visit The 2024 ALL 4 PACK

Anhui Yiqin Industrial Co., Ltd. was established in September 2017. It is an export-oriented enterprise integrating industry and trade. The company is located in Shushan District, Hefei City, Anhui Province. We are committed to providing one-stop service to all customers, so we have an integrated production line from raw materials to finished paper cups and plates. In addition to the production line itself, we also have the ability to provide customers with product design, logistics and other solutions. We provide our customers not just as suppliers, but as partners.

The company is mainly engaged in the development, manufacturing and distribution of paper products. It has many global partners such as Wal-Mart and Ebay, and its markets cover the Americas, Europe, Asia and other parts of the world. Support the customization of various sizes and patterns of products to meet the diversified needs of different customers.

Our factory has passed multiple certifications, such as BRC, BSCI, ISO, and more. We use ERP modern management methods to manage the company's internal processes and form our own unique and effective management model. Make use of professional advantages, keep up with world printing technology, and adopt new technologies, new equipment,

and new materials to improve product quality. Determined to become the pioneer of the global package printing cause!
