

Lexington Limited to Showcase Innovative and Sustainable Packaging Solutions at All4Pack Paris 2024

Paris, 24th October 2024 – Lexington Limited is pleased to announce its participation in the upcoming All4Pack show, taking place in Paris from November 4-7, 2024. The company will present its latest eco-friendly and sustainable packaging solutions, along with a diverse range of silicone products, under the theme "Better Taste and Less Waste."

Visitors to the Lexington Limited booth will experience firsthand the company's commitment to sustainability through products designed with the principles of Recycle, Reuse, and Reduce in mind. The showcased solutions not only provide innovative ways to reduce environmental impact but also enhance the user experience, offering practical, high-quality alternatives for packaging needs across various industries.

"We are excited to be part of this prestigious event and look forward to sharing our vision for sustainable packaging with a global audience," said Ms. Carlotta Wong, Chairlady / Co-Founder of Lexington Limited. "Our dedication to continuous improvement is reflected in our products, which prioritize reducing waste without compromising on quality or performance."

Lexington Limited invites attendees to visit their booth to learn more about their sustainable solutions and how the company is driving positive change within the packaging industry.
