Beyond Ingredients: Empire Eagle Food Brings Turnkey Bubble Tea Store Solutions to SIAL Paris 2026

At SIAL Paris 2026, Taiwan's Empire Eagle Food Co., Ltd. brings more than ingredients. Its B2B brand Boba Empire presents a turnkey bubble tea store solution at Hall 5C, Booth D140 — helping importers, distributors, and foodservice operators worldwide build their own bubble tea business from the ground up.

For international buyers entering the bubble tea market, the biggest barrier is often not the ingredients — it's the know-how: what to stock, how to formulate, how to train the bar, how to keep quality consistent. As Taiwan's only manufacturer producing both tea and creamer in-house, Boba Empire turns 24 years of manufacturing experience into repeatable store-opening knowledge. This is not a product catalog. It's a complete method, from product to operations.

Paired with the five new products launching at the show — Tea Syrup, Instant Mochi Powder, Pistachio Milk Foam Powder, Savory Popping Boba, and Osmanthus Honey — buyers gain not just ingredients, but a full solution spanning product and operations.

Boba Empire is the only Taiwanese bubble tea ingredient brand to sweep all four of the world's top food taste awards. It serves importers and distributors across five continents and more than 40 countries, holds ISO, HACCP, FSSC 22000, FDA, and Halal certifications, and provides OEM/ODM customization and wholesale supply — the ingredient and know-how partner for buyers entering the bubble tea market.

The brand's service promise is clear and direct: **We Build Your Bubble Tea Empire.**

Ingredients are only the starting point. What we build with you is a bubble tea empire of your own — from the very first cup.
