

COFFEE, A GOOD WAY
TO START A CONVERSATION
OR A BUSINESS.

EXPLORE A SELECTION
OF UNIQUE FLAVORS,
CRAFTED BY TIME,
ART AND TRADITION.

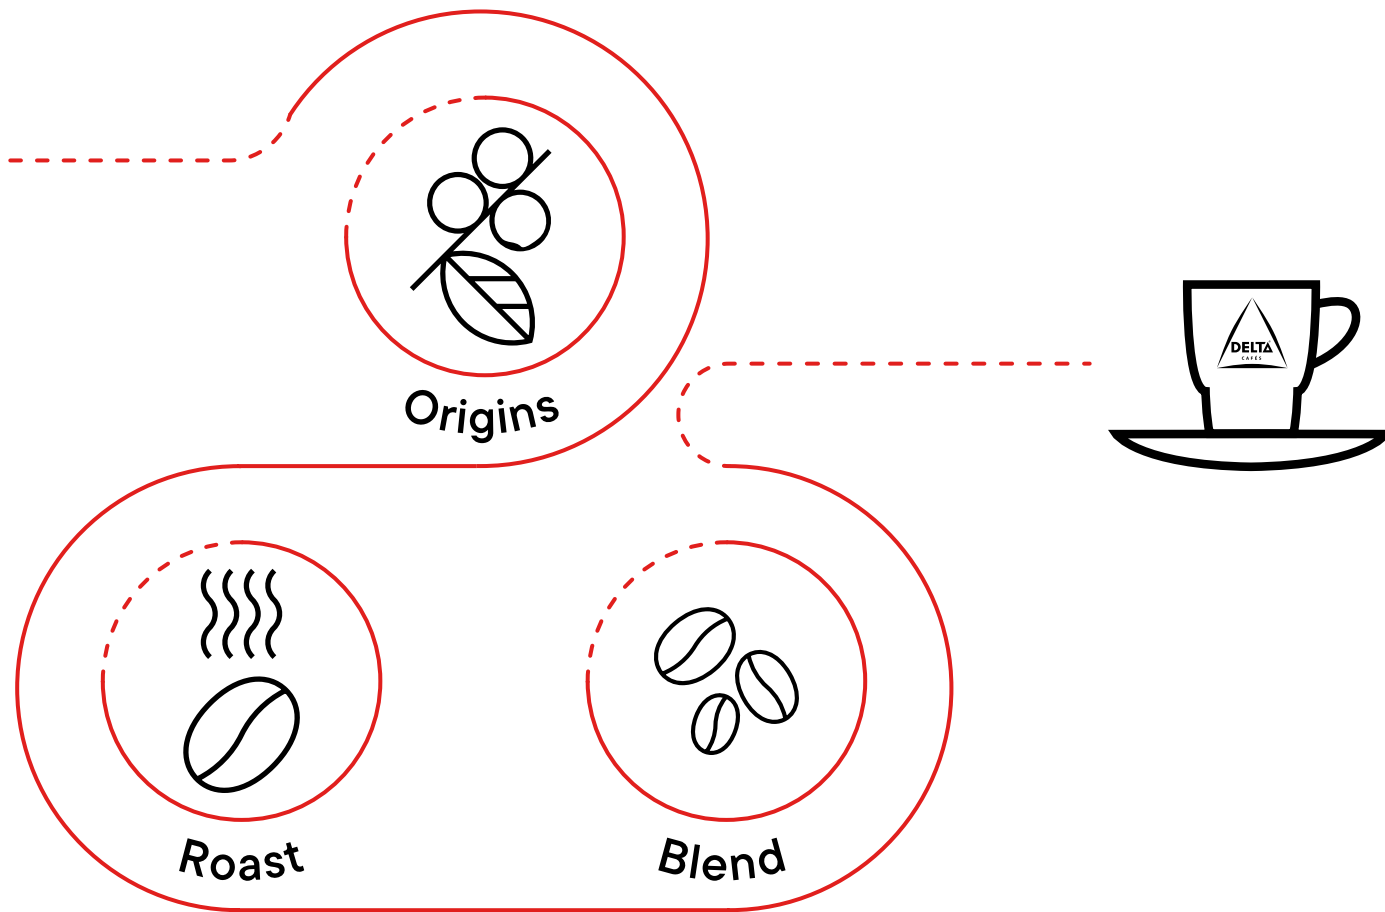

A STORY OF INNOVATION,
GROUNDED IN HUMANITY.

Founded in 1961 by Rui Nabeiro in Campo Maior, a small Portuguese village near the Spanish border, Delta Cafés quickly established itself as Portugal's favorite coffee brand.

With over 60 years of history, we continue to be a family-run company, with a human face and a vision for the future. We are focused on creating value for our clients through the **One Client, One Friend** philosophy, achieved through Innovation, Internationalization and Business Diversification.

Today, we have more than 4,000 employees spread across 8 countries around the world, bringing the best of our know-how to more than 40 countries.

THE CYCLE

ORIGINS

We know that the quality of coffee begins with its cultivation and the passion with which it is carefully treated.

Our coffee beans are carefully selected from the best Arabica and Robusta plantations from over 60 origins.

ROAST

It is the rigor of the time and temperature to which each bean is subjected during roasting that reveals the coffee's soul.

Our Roasting, carried out at low temperatures and slowly, allows all the organoleptic characteristics of the coffee to be preserved, enhancing its aroma and flavor.

BLEND

The creation of unique aromas, textures and flavors, whether mild or intense, awaken sensations of harmony and balance in the coffee.

The wisdom with which each origin is blended results in blends full of personality and adapted to the most varied consumer tastes.

WE WERE BORN WITH COFFEE

More than 60 years of expertise in the world of coffee has allowed us to get this far and offer a coffee with a unique flavor.

DELTA CAFÉS

DIAMOND

Delta Diamond is one of Delta Cafés’ most fascinating blends: a beverage with a perfect personality, created from the finest arabica coffees from Africa and South America. The result of a classic roasting process carried out by our master roasters, it has a unique body and aroma, with subtle, lingering nuances on the palate that make this coffee simply unforgettable.

QOOL EVOLUTION

With its modern design and simple, functional operation, this machine has been created with innovation enthusiasts in mind.

- Ejection:** manual ejection (handle) of the used capsule
- Dimensions:** L 374 x W 152 x H 281 mm
- Approximate weight:** 3,6 kg
- Storage capacity for used capsules:** 10 capsules
- Water tank capacity:** 1 L
- Pressure:** 19 Bar
- Power:** 1200 W
