About KIATBOONKRONG RICE MILL

Kiatboonkrong Rice Mill was established in 2002 by Mr. Surachai and Mrs. Vichada Portrakoon and stationed in Kamphaeng Phet Province, Thailand.

We procure wet paddy rice, produce and distribute wholly-milled rice in bulk, private-owned brands and our own **"RAINBOWS RICE"** brand.

We supply our rice in both horizontal and vertical markets. Our domestic major customers are noodle factories, feed mills, wholesalers and retailers of agricultural products.

Recently, we expanded our sales channels to online and foreign markets through export orders by KIATBOONKRONG EXPORT.

Our rice products are currently available in supermarkets in Bahrain and Australia.
