One Window, Multiple Factories: Empire Eagle Food Showcases Its Integrated Bubble Tea Ingredient Supply at SIAL Paris 2026

At SIAL Paris 2026, Taiwan's Empire Eagle Food Co., Ltd. brings more than a single ingredient — it brings an integrated supply structure. Its B2B brand Boba Empire showcases integrated sourcing across tea, creamer, fruit, and pearls at Hall 5C, Booth D140.

For international importers and distributors, the hidden cost of sourcing bubble tea ingredients is rarely unit price — it's fragmentation. One supplier for tea, another for creamer, another for pearls, with quality alignment, lead-time coordination, and communication costs stacking at every step.

Boba Empire's answer: **one window, one vision.**

Through a strategic alliance integrating tea, creamer, fruit, and pearls, Boba Empire lets buyers source the core ingredients of a bubble tea through a single window. As Taiwan's only manufacturer producing both tea and creamer in-house, this integration is not a set of suppliers stitched together — it's consistent quality controlled from the source.

- **One window** — From tea to pearls, sourced in one place, removing the coordination cost of multi-supplier procurement.
- **Consistent quality** — Quality aligned across an integrated supply — designed, not assembled.
- **One vision** — Buyers gain not just ingredients, but a supply structure they can rely on and scale.

Boba Empire is the only Taiwanese bubble tea ingredient brand to sweep all four of the world's top food taste awards — the iTQi Superior Taste Award (3 Stars & Crystal), Great Taste Award, Monde Selection, and A.A. Taste Award. As a one-stop bubble tea ingredient supplier, it serves importers and distributors across five continents and more than 40 countries, holds ISO, HACCP, FSSC 22000, FDA, and Halal certifications, and provides OEM/ODM customization and wholesale supply.

One bubble tea takes many ingredients. You only need one window.
