# Taste the Authentic 'Nduja of Spilinga at SIAL Paris 2026

'Nduja San Donato brings the authentic taste of Spilinga to SIAL Paris 2026.

Based in the historic home of 'nduja, we produce our speciality artisanally using Italian pork, Calabrian red chilli peppers and salt, with no preservatives, artificial colours or other food additives.

Traditional handcrafting, natural smoking and slow ageing give our 'nduja its distinctive character, intense flavour and strong connection to Calabria.

At SIAL Paris 2026, we will present our range to international buyers, distributors and food professionals, sharing an authentic product shaped by tradition, craftsmanship and territory.
