

Gedik Pilic Strengthens Its Presence in the European Market

Gedik Pilic continues to expand its presence across Europe with a growing portfolio of high-quality processed chicken products. At SIAL Paris, the company will showcase its latest product innovations and meet with customers, distributors and potential business partners from across the European food industry.

With its products already available in markets including Germany, France, the Netherlands, North Macedonia and Kosovo, Gedik Pilic is further developing its European distribution network. The company is focused on establishing long-term partnerships and supporting sustainable growth in new and existing markets.

At SIAL Paris, Gedik Pilic will present its latest processed chicken products and explore new business opportunities with distributors, importers and food industry professionals.

Visitors and potential business partners are invited to meet the Gedik Pilic team at SIAL Paris to discover the company's product portfolio and discuss opportunities for long-term cooperation.
