

RAW CASHEW NUTS

GLOBAL PROCUREMENT LEADER

Since 2019, Tan Long has risen to become the world's largest distributor of raw cashew nuts, establishing direct sourcing networks across key African origins.

- Ensure consistent supply and quality traceability
 - Optimize pricing and logistics for global processors
 - Empower Vietnam's cashew industry with reliable inputs
- Milestones in Strategic Procurement:

2019

Landmark contract with the Government of Tanzania – 176,000 tons, the largest single purchase in global cashew history.

2020

Record deal – 150,000 tons with the Ivorian Government; total imports exceeded 300,000 tons.

2021

Imports surged to over 400,000 tons, supplying 30% of Vietnam's national demand.

2022

UP TO NOW

Maintained leading position, with annual volume reaching 200,000+ tons.

WHY CHOOSE VIET PHI CASHEW?

- Trusted by 60+ countries
- Industry-leading technology and food safety
- Reliable year-round supply
- Custom product solutions
- Ethical sourcing & transparent operations

At Viet Phi Cashew, we don't just export cashews — we deliver trust, quality, and long-term partnership.

Let us be your strategic supplier in Vietnam and your gateway to premium cashew kernels.

**TRUSTED BY THE WORLD
POWERED BY QUALITY
DELIVERED WITH INTEGRITY**

As part of Tan Long Group's strategic focus on agricultural excellence, Viet Phi Cashew specializes in both raw cashew nuts and cashew kernels.

CASHEW KERNELS - WORLD - CLASS MANUFACTURING AND EXPORTS

Operating under the brand Viet Phi Cashew, we rank among Vietnam's Top 10 cashew kernel exporters, delivering over 12,000 tons per year to more than 60 countries.

Our promise:

Prestige. Quality. Sustainability.

We are a trusted supplier to global buyers thanks to:

- Five state-of-the-art processing facilities
- Export capacity of 100 containers/month
- Compliance with leading certifications: BRC A+, ISO, HACCP, SMETA

Viet Phi proudly showcases our premium cashew kernels at top trade fairs:

Gulfood Dubai, SIAL Paris, Anuga Germany, Canton Fair China, Japan Food Expo, Fancy Food USA

HIGH-TECH FACTORIES SMART, SAFE, TRACEABLE

Every kernel we produce reflects meticulous attention to detail and technological precision:

- Fully automated systems: **color sorters, size graders, smart weighing, vacuum packaging**
- 100% traceability from input to shipment
- Customizable product specifications for different market standards and orders

Product range: WW180, WW240, WW320, WS, LP, SP and more – tailored to premium markets.

INNOVATION IN FOOD SAFETY OXYLOW ORGANIC FUMIGATION

We are proud to be one of the few cashew exporters in Vietnam using the OxyLow system, a chemical-free fumigation technology developed in the Netherlands.

- Uses nitrogen gas to eliminate pests without compromising nutritional value
- Fully automated & remotely controlled
- Ensures compliance with the world's most stringent food safety regulations

This system helps us meet requirements from **Europe, North America, the Middle East, and East Asia**, making Viet Phi a **preferred partner** for health-conscious, regulation-driven markets.

AUTOMATED PACKAGING LINE ACCURACY & EFFICIENCY

Our semi-automatic packaging line only requires **1 operator for 3 steps:** Bag molding, PE bag insertion, Quantitative weighing and vacuum pressing

This process:

- Boosts productivity
- Minimizes labor cost
- Guarantees **100% weighing precision**
- Reduces product loss and packaging waste
