

A single malt whisky crafted through the unique process of 7-column distillation. Production takes place entirely under one roof – from grain to glass – giving the whisky an authentic and precisely controlled character. It is matured for a minimum of 5 years in new American white oak casks. Our malt whisky is made from 100% barley malt, which we carefully prepare ourselves. The malt is smoked over hard beech and cherry wood, giving Nestville Whisky its unmistakable taste and aroma.

Nestville Whisky Single Malt especially impresses with its sweet yet delicate taste of green apple with a floral undertone and a silky honey aroma, intertwined with a gently spicy and creamy taste with a smooth, velvety touch. The finish reveals a delicate, fresh fruity character with notes of liquorice.

The product in the Nestville Whisky Single Malt range has been carefully selected to satisfy the expectations of true malt whisky enthusiasts.

In 2023, Nestville Whisky Single Malt 43% won a Silver Medal at the SIP Awards and a Gold Medal in the blind tasting at the Global Spirits Masters – World Whisky Masters. A year later, it received several further awards, including Silver at the International Spirits Competition, Gold at the International Spirits Challenge, and the unique Platinum award at the Las Vegas Global Spirit Awards.
