TONNINO REAFFIRMS EUROPEAN COMMITMENT: PREMIUM SUSTAINABLE TUNA FOR DISCERNING MARKETS

*Award-Winning Gourmet Brand Strengthens Position as Europe's Trusted Seafood Leader Through
Alimentos Prosalud's BRC-Certified Excellence*

San José, Costa Rica – July 2026

Alimentos Prosalud S.A., the esteemed Costa Rican seafood processing leader, proudly announces its continued expansion and strengthened commitment to European markets through its flagship premium brand, **Tonnino**—a symbol of gourmet excellence and sustainable fishing practices that has captivated discerning European consumers for nearly two decades.

Since its inception in 1975, Alimentos Prosalud has stood as a paragon of excellence in seafood processing and distribution. Today, operating a state-of-the-art processing facility in El Roble, Puntarenas, the company delivers premium products to more than 20 countries across Europe and the Americas, with Tonnino leading as the brand of choice for quality-conscious European buyers.

PREMIUM QUALITY MEETS EUROPEAN STANDARDS

Tonnino's hand-packed wild-caught tuna and salmon fillets represent the pinnacle of seafood craftsmanship. Each fillet is carefully prepared to preserve its natural texture and refined flavor, offering European consumers a genuine taste of Costa Rican culinary excellence.

"Tonnino embodies our philosophy of quality, innovation, and transparency," said a representative from Alimentos Prosalud. "Our European customers demand the highest standards, and we deliver on that promise through every product we bring to market."

UNCOMPROMISING CERTIFICATIONS & SUSTAINABILITY

Alimentos Prosalud has held **BRC Food Safety certification since 2005**—a prestigious European standard recognized internationally that guarantees strict food safety controls. This makes the company a preferred supplier for Europe's most demanding retailers and distributors.

Additional certifications that reinforce Tonnino's commitment to sustainability include:

- **MSC (Marine Stewardship Council)** – Certified sustainable fishing practices
- **Earth Island Institute** – Dolphin-safe certification
- **Friend of the Sea** – Environmental ocean responsibility

- **ISO 9001** – Global quality management standards
- **Non-GMO Project** – Clean-label ingredient integrity

EUROPEAN MARKET LEADERSHIP

Today, Alimentos Prosalud operates a diverse portfolio of 16 brands and exports to 27 countries worldwide. Tonnino continues to strengthen its position as the premium gourmet tuna brand in exclusive European markets, meeting the stringent requirements of high-demand regions including the United Kingdom, Spain, Italy, France, and Germany.

The company's core values—being challengers, courageous, passionate, and transparent—are reflected in every aspect of operations, from meticulous quality control to environmentally responsible practices.

ABOUT TONNINO

Tonnino is the flagship premium brand of Alimentos Prosalud S.A., specializing in hand-packed, wild-caught tuna fillets and salmon products prepared in premium olive oils and spring water. Available at select retailers throughout Europe, Tonnino represents the gold standard for gourmet seafood enthusiasts seeking authentic quality and sustainable sourcing.

ABOUT ALIMENTOS PROSALUD S.A.

Established in 1975 and now a fully Costa Rican enterprise, Alimentos Prosalud S.A. stands as one of the region's largest seafood processors and marketers. The company operates a modern facility designed to meet U.S. and European standards, maintaining an unwavering commitment to quality, sustainability, and social responsibility while creating over 1,200 jobs in Costa Rica.
