

“We offer much more
than just medical devices.

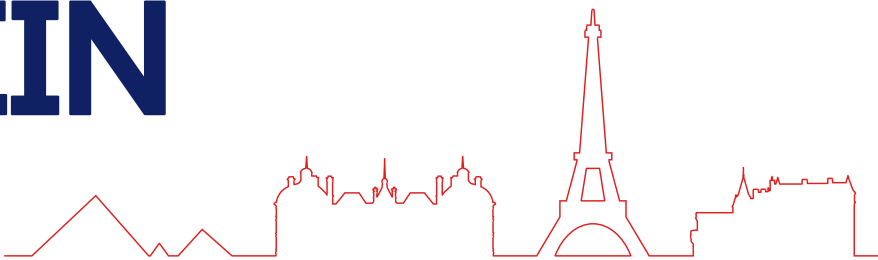

Our Collections pay tribute to
the time-honored craftsmanship
of French artisans.”

FRENCH ARTISAN
EYEWEAR HOUSE

PLEIN LES MIRETTES

Since 2011,
PLM has embodied a return to
thoughtful, artisanal manufacturing
and the true values
of “Made in France.”

Products aligned with today’s values.
Our collections are desirable,
comfortable, high-quality,
and durable.

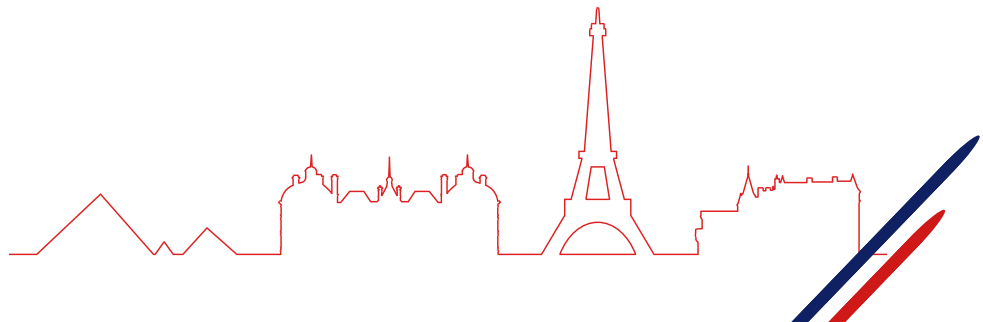

Beautiful products are born from
high-quality components.

It is only then that design and
craftsmanship come into play to
evoke
emotion and desire.

Using some of the most exclusive
and high-quality cellulose acetate on
the market, our products require 35
to 40 manual steps to create.
