Education Catalogue 2018-2019

Welcome to the DK 2018–19 Catalogue

This year marks 20 years of our presence in India and I am pleased to present you this specially curated list of titles that will inspire, educate, and entertain generation after generation of readers.

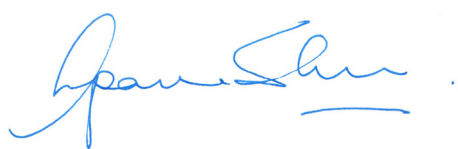

Inspiring a love of learning in children is at the heart of DK with fun and informative books and the Children's list is our top-selling range in India. Some of our recent successes include the very popular DK Young Readers programme, a must-have selection of books for every child, surprisingly accessible with competitive pricing.

Beautifully designed and illustrated, DK's award-winning and best-selling children's books appeal to kids of all ages. Our books cover everything from a child's first words to the human body, learning to count, space, dinosaurs, animals, craft activities, and cookery. Our education list offers a number of titles with eye-opening homework help for kids including DK Children's Eyewitness series and Carol Vorderman's workbooks.

Complementing our global titles, is an impressive list of Local Publishing offers that are made specially for India. These include the Young Chefs (with Chef Vikas Khanna), Eyewitness Gandhi, 100 Indians that Made History, 100 Events that Made Indian History, the Chhota Bheem list, including workbook and story books, and The Illustrated Mahabharata.

This year, we are proud to launch our Indian Icon series with the first three titles on CV Raman, Virat Kohli, and Gandhi. Every child needs a book that answers his or her questions about the world, and The Ultimate Children's Encyclopedia does just that, with substantial content on India. Our content is made better by design and ensures every reader goes on a magical journey of discovery.

Help kids see all there is to know with DK's fantastic children's books.
