# Host Your Own *100 First Words* Toddler Event!

Perfect for libraries and bookstores, this event kit allows for a fun toddler experience. Provide crayons and enough activity kits for each child in attendance. Print out the downloadable name tags included in this pack and encourage kids to color their own before they put them on.

Start with a circle time for introductions and a look at DK's *100 First Words*. Kids can then branch off with their guardian to work on the activity kits. For more interaction, have a treasure hunt, helping the children to locate three objects from the book in the room. Feel free to use the treasure hunt list provided in this pack or create one of your own! Kids love a good sing-a-long, so circle up and end with some favorites, ABCs and "Itsy Bitsy Spider."
