

Amazing Vehicles

Activity Sheet

Every build starts with a single piece—even the most complex-looking ones.

Whether you want to build a car, a train, a ship, or a spacecraft, begin by thinking about its size and shape before picking the perfect first piece.

1 Start with a base plate. Then add wheels on top of the plate.

2x8 plate

Small wheel with tire

2 Next, build up detail around the wheels.

1x1 plate with clip

Wheel arch plate

Back bumper is a tile on an angle plate

Plates raise wheel arch enough for wheels to turn

3 Build up the chassis with a plate and make the front with an angle plate.

1x2/2x4 angle plate

4x4 plate

4 Use plates to build up the middle section.

1x6 plate

2x4 plate

2x2 curved slope

Front lights and grille are built onto the angle plate

1x1 round plates make door handles

5 Level out the top of the build with plates.

transparent 2x2 slope

transparent 1x2 brick

6 Add windows and a roof.

transparent 2x2 slope

Build tip!

Organize your bricks
Save time by organizing your bricks into colors and types before you start building.

Be creative
If you don't have the perfect piece, find a creative solution! Look for a different piece that can create a similar effect.

Amazing Vehicles

Activity
Sheet

LEGO® Amazing Vehicles is full of things that go—airplanes, trains, boats, cars, and even futuristic and fantasy vehicles! Unscramble the words below to uncover some of the transportation ideas you'll learn.

1. UAMMUINL

2. IDERSTOA

3. WBO

4. EGDIBR

5. IEAPSZC

6. DILEES

7. FTNEIFCI

8. GEENYR

9. EONLVEPE

10. INPQMEUET

11. SIFAEGBRS

12. ERFCO

13. EEUASLFG

14. SENOAILG

15. YTGARVI

16. RBAHOR

17. LHLU

18. YDHCRIALU

19. RUANVMEE

20. OITRB

ANSWER KEY
1. Aluminum
2. Asteroid
3. Bow
4. Bridge
5. Capsize
6. Diesel
7. Efficient
8. Energy
9. Envelope
10. Equipment
11. Fiberglass
12. Force
13. Fuselage
14. Gasoline
15. Gravity
16. Harbor
17. Hull
18. Hydraulic
19. Maneuver
20. Orbit
