

# Draw Your Own Dragon!

For centuries, dragons have captivated the imaginations of people everywhere. They take many forms and represent many things: Gods to be revered, evil kings to be feared, wise friends, and fierce foes.

In the space on the page have a go at drawing your very own dragon. What will it look like and what powers will it have? If you are stuck for ideas, read about some dragon features below.

**Dragon Head:** Some dragons have animal heads or even more than one! **The Neak** is one of those, who can have up to nine heads!

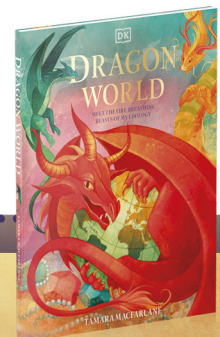

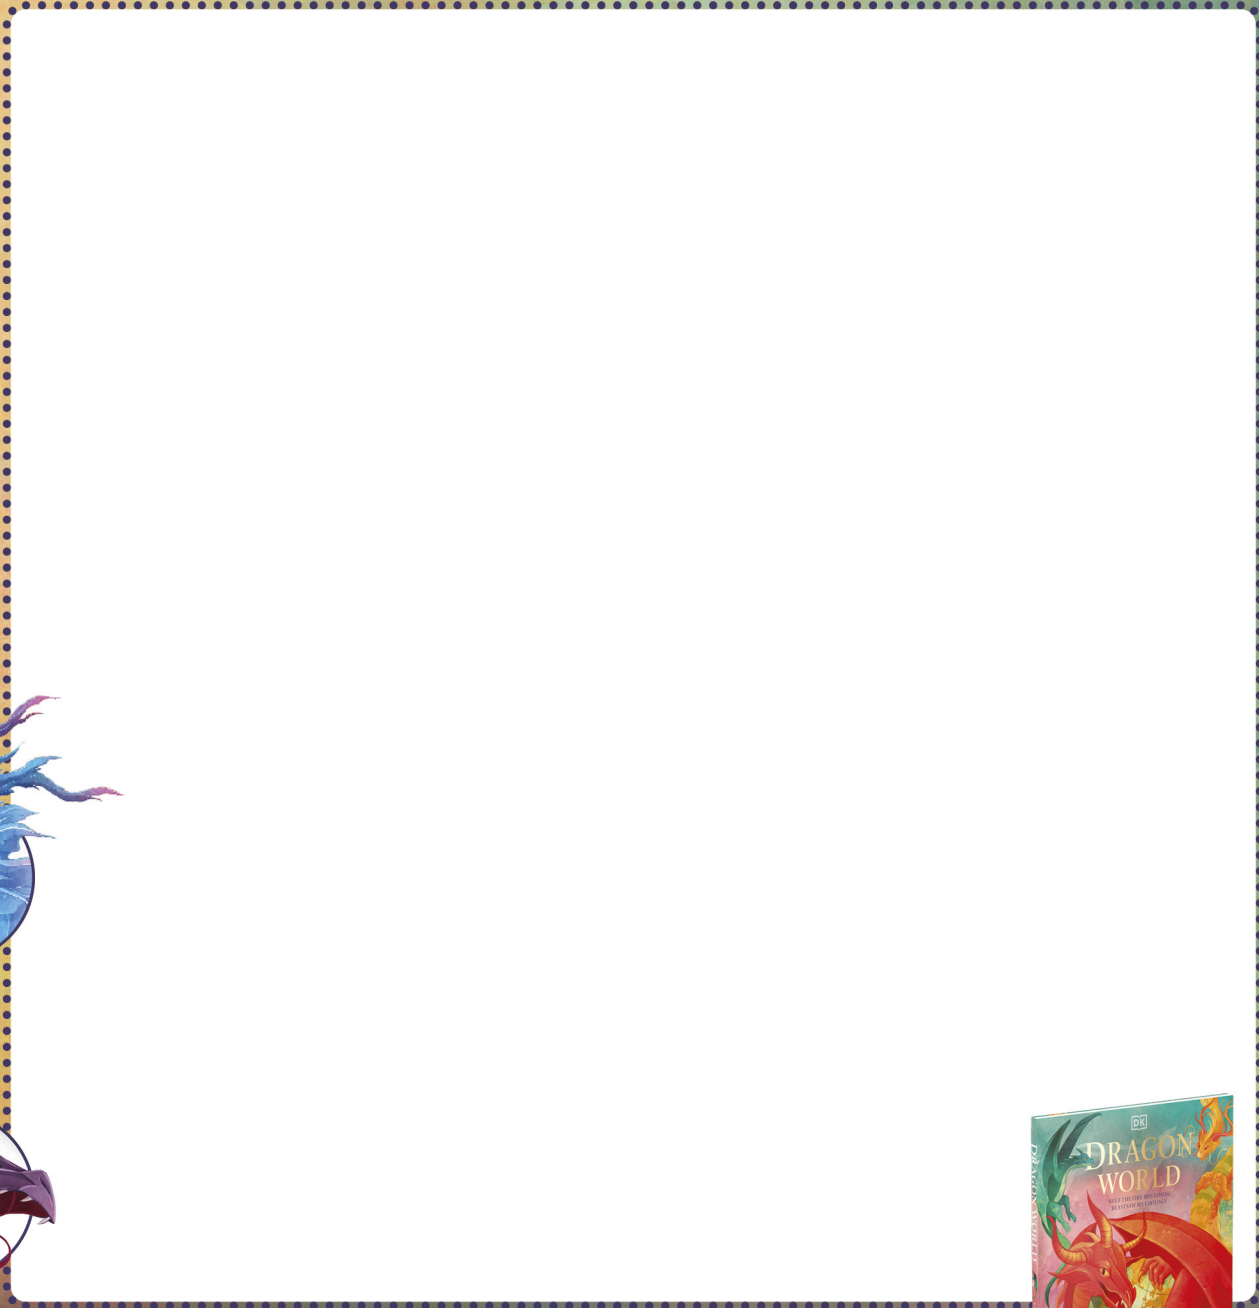

**Dragon Body:** Some dragons adapt to where they live. **Frost dragons**, for instance, have adapted to withstand extreme cold and have icy scales.

**Dragon Wings:** Not all dragons have wings! Some like **Bakunawa** - live in water and have no need to fly.

**Dragon Powers:** Some dragons breathe fire, some have a venomous bite, and some can even grant wishes! There are even those like the **Lindworm** that can move between different worlds.

# Dragons

## from around the

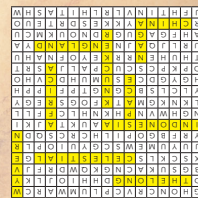

# World

**Ready for your own dragon adventures?** When searching for dragons around the world it's important to know which ones could be nearby! Can you find the dragon names and where they are from in the wordsearch?

- The Long
- Naga
- Knucker
- Wyvern
- Celestial
- 
- China
- Indonesia
- England
