

MISSION TO FIND MOON

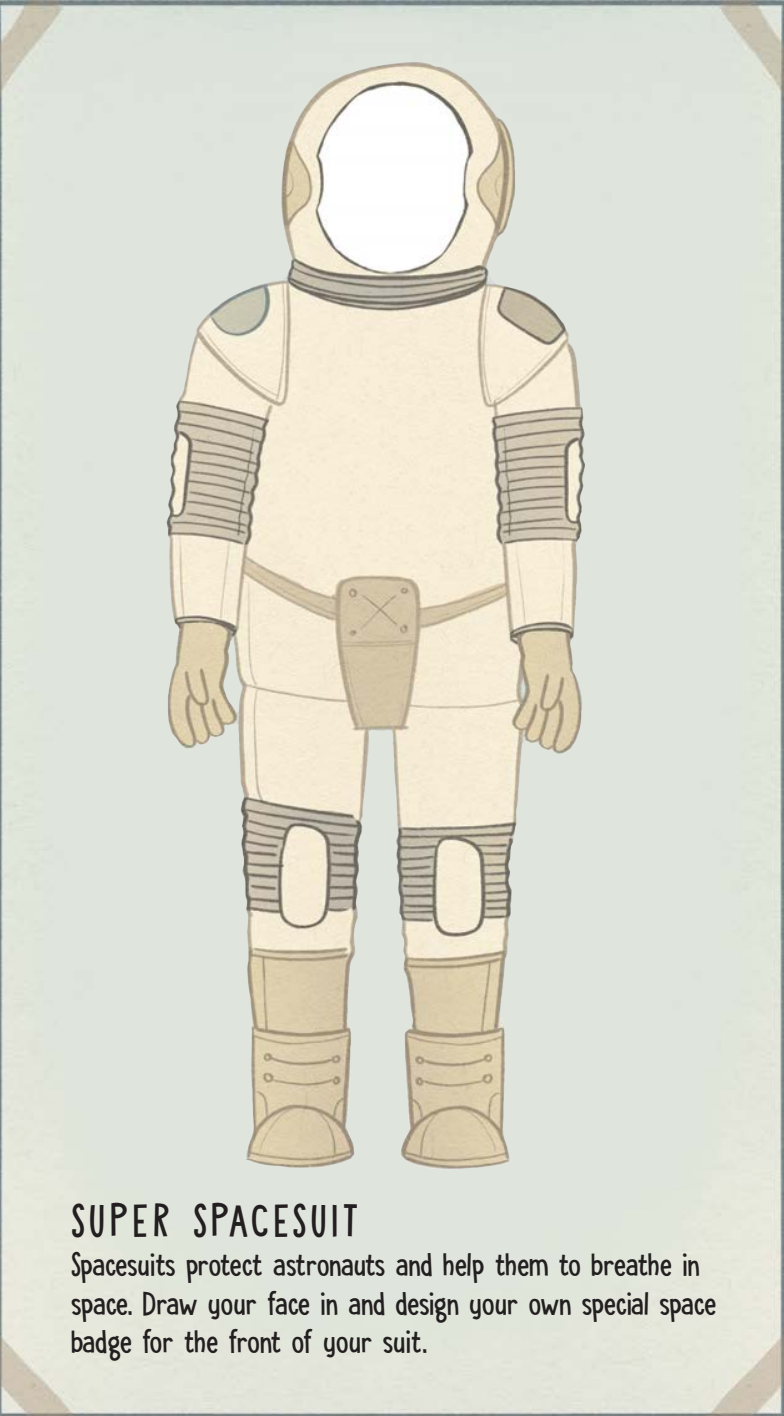

Moon has gone missing! Guide Lucy past the shiny stars and constellations and help her find Moon.

LOST

Start here

FOUND!

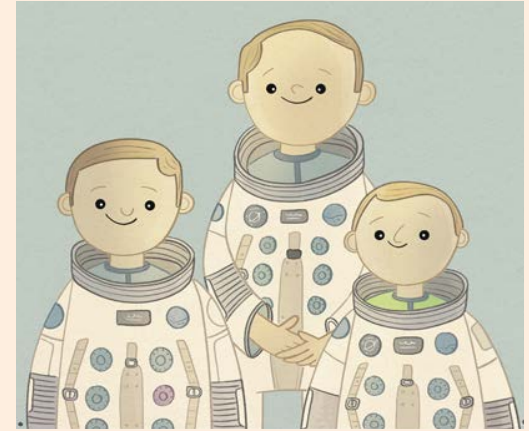

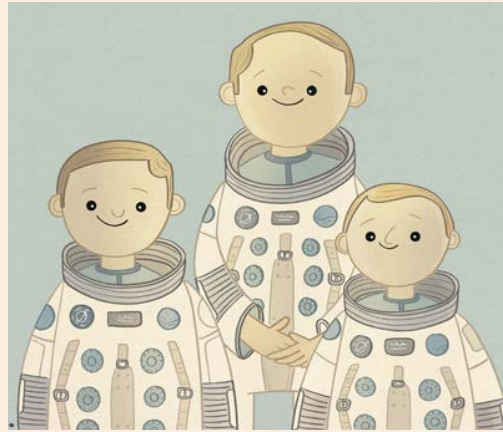

SUPER SPACESUIT

Spacesuits protect astronauts and help them to breathe in space. Draw your face in and design your own special space badge for the front of your suit.

APOLLO 11 SPOT THE DIFFERENCE

On 20 July 1969, the crew on board Apollo 11 became the first astronauts to land on the Moon. Look closely at the two pictures of the Apollo 11 crew. Can you spot six differences between them?

FACT:
It takes about 3 days to reach the Moon from Earth.

LOST AND FOUND

Are you good at finding things? Follow the dotted lines to help the spaceman find his rocket, the scientist find the horse constellation using his telescope, and lead Lucy to her little rabbit.
