

34 RUE LOUISE ÉMILIE

PARIS

CARE INSTRUCTIONS

Éditions du 34 publishes selected pieces chosen for their style and history, drawn from decorative heritage and reinterpreted by artisans through their craftsmanship and lacquer work.

Slight variations may appear, traces of time and artisanal work. They characterize unique objects, designed to last, be repaired, and passed down.

A definition of luxury based on time.

To preserve their beauty, delicate maintenance is recommended: a soft, slightly damp cloth, with a little soap if necessary.

These pieces are not dishwasher safe and should not be scrubbed or subjected to abrasive products.
