

HOW TO CARE FOR YOUR PIECE WITH INTENTION

Our objects are crafted in brass with a platinum finish. The surface will naturally change over time through use and handling.

Store your object in the velvet pouch and sealed plastic bag provided, in a dry place and separately from other objects to help prevent scratches and marks. Avoid water, moisture and abrasive surfaces.

Clean gently with a soft, dry cloth. If needed, use a small amount of warm water and dry immediately. Use the polishing cloth included with your object to gently restore the metal surface when needed.

Avoid chemical or abrasive cleaning products and silver-cleaning baths. Not dishwasher safe.
