SPACEK SCONCE

DESCRIPTION

A forged brass body cradles the linear glass lens of the Spacek Sconce, a minimal fixture designed for maximum impact. The slim, ADA compliant fixture body houses the driverless, dimmable LED light source, emanating a warm glow through bronze, smoke, or starphire glass. Available in both a 22" and 42" size, in addition to a number of metal finishes, for all your unique project specification requirements.

YEAR OF DESIGN
2013

MATERIAL
Solid forged brass body and tempered glass lens.
