GIOTTO BURST

DESCRIPTION

Inspired by the cosmos, Giotto Burst is an other-worldly modular pendant fixture or stand-alone sconce. Materials, shapes, and finishes come together harmoniously in this updated interpretation of a mid-century classic. Tapered wooden arms cradle thick-walled, hand-blown glass globes which provide a noticeable and striking visual weight to the piece. Giotto's eye-catching design and rich finishes form a bridge between the ethereal and material realms of the spaces you create.
