

Defined Blackout Periods

The following are designated Defined Blackout Periods for re-certification audits. This list of blackout dates must be submitted to the certification body by the Food Defense Coordinator a minimum of one month before the sixty (60) day recertification window for the agreed unannounced audit.

- All weekends (Saturday and Sunday) when a warehouse location is not open
- The week of Memorial Day
- The week of Independence Day
- The week of Labor Day
- The week of Thanksgiving
- 23 DECEMBER through 02 JANUARY of the following year
