

## **Diesel Mechanic Job Description**

GWSI is a full-service warehouse and logistics company that maintains its entire fleet of tractors, trailers, forklifts, et cetera. Due to growth, we are looking for a full-time diesel mechanic looking to develop their skills and grow with our company. This individual will perform minor repairs, preventative maintenance, and diagnostic support.

### **Duties**

- Repair trucks, trailers, chassis, and forklifts
- Perform routine preventative maintenance
- Change oil, lubricate vehicles, check mechanical equipment, batteries, air and oil filters, headlights, and tires.
- Assist in the performance of mechanical repairs and change parts
- Maintain shop and equipment in a clean and orderly condition
- Provide diagnostic support

### **Qualifications**

- Mechanical aptitude
- Must have own tools
- Use of a variety of hand, power tools, and equipment
- Diagnostic and troubleshooting skills

### **Benefits**

- Competitive pay based upon experience - \$50,000 - \$85,000/year
- Full-time employment
- Monday – Friday work schedule
- Medical benefits
- Paid vacation and holidays
