# Explanation of events

## NELP drop-in

Optional sessions open to all Place Partnerships (PP) with an open agenda. Attendance entirely at PP discretion. Twice per year meeting will be dedicated to Evaluation & Learning Submissions / Configurational Comparative Analysis (CCA).

## CCA sense-making workshop

Meetings specifically to share emerging findings from the CCA. Part of the research process, smaller group of participating Places consider the relevance and resonance of the findings and add explanations.

## Learning seminar

Optional short series of engaging seminars which provide key findings for a range of audiences. PP invited to share their experiences.

## E&L submission

Evaluation & Learning is ongoing in Places. Every six months (or Spring only if taking part in CCA) a summary of key explanations of change, or lack of change is shared. In Spring this includes examples of emerging best practice in community-led initiatives and sector integration of PA.

## Cohort training

NELP provided programme builds the foundation of knowledge and thinking about Place Evaluation & Learning.

## Methods lab

Optional NELP provided training on methods appropriate for E&L in place-based systemic approaches. These may be one-off sessions or a series depending on level of need. NB sessions are made available on the website.

## Regional cluster meeting (NELP attends)

Meeting hosted by Place Clusters / PRMs. NELP attend to build relationships, better understand the work in Place and offer support. On hand to provide guidance if needed.

## CCA survey submission

Data capture for CCA submission is ongoing in Places (e.g. workshops, meetings, collation of evaluation data). Every year a submission based on current assessment of Place Conditions is made via an online survey.

## Moderation meetings (peer or 1:1)

Meetings specifically to discuss CCA submission. Potential to do this with clusters as determined by cluster members. Alternative to do 1:1 with PP and NELP.
