Your Favorite Ghanaian Twins

WE'VE BEEN NOMINATED FOR BEST NEW ARTIST & BEST GROUP AT THE 2025 TELECEL GHANA MUSIC AWARDS!

We did it! 🎉

We are beyond excited to announce that we've been nominated for Best New Artist of the Year and Best Group of the Year at the 2025 Telecel Ghana Music Awards (TGMA)—the biggest music stage in Ghana!

This moment means everything to us. From the very start, we've poured our hearts into our music, and to see our hard work recognized on such a massive platform is truly humbling. But more than anything, this is about YOU—our incredible fans. Your love, energy, and support have carried us this far, and we are so grateful.

Every stream, every share, every time you turn up at a show or scream our lyrics—it all led to this! From Journii Begins to our Fire & Flow concerts and now "Pepper Demm" this journey has been unreal, and we're just getting started.

Stay locked in for all the updates by following us on Instagram, Twitter, and Facebook (@LalixLola). We love you, and we'll see you at TGMA!

UNSTABLE

LALI X LOLA TEAM UP WITH OIZA X MEYI on "Unstable" 🎵

Lali X Lola join forces with Nigerian twin stars Oiza X Meyi on their powerful new single, "Unstable" —a vulnerable yet confident anthem about chaos, love and reclaiming your center. With haunting melodies and a hypnotic hook, the track captures the pain of disappointment while embracing independence. Unstable is an Afropop vibe with a bouncy eccentric rhythm and Alte twist that will have you moving and singing along. @oiza_x_meyi_ @lalixlolaofficial
