

Nonprofit Solar

ELIGIBILITY REQUIREMENTS

ABOUT

RE-volv is an equity-informed, clean energy access organization that helps nonprofits in communities across the country go solar, while raising awareness about equitable climate solutions, and training the next generation of clean energy leaders.

KEY BENEFITS

- Nonprofits pay no upfront costs to go solar
- Starting on day one, nonprofits save up to 15% or more on their electricity costs
- RE-volv guarantees the output of the system and manages all warranties, operations, and maintenance
- The system will prevent thousands/millions of lbs of CO₂ from entering the atmosphere

ELIGIBILITY REQUIREMENTS

- Nonprofit has a demonstrated track-record of serving their community
- Nonprofit owns their building
- Roof must be in good shape and/or less than 10 years old

HOW IT WORKS

1. Nonprofit signs up for a free solar energy quote by submitting a copy of their electric bill
2. RE-volv provides a solar energy proposal with financial savings to the nonprofit
3. Nonprofit decides to move forward with solar energy and signs agreement
4. RE-volv works with the solar installer to permit and install the system
5. The cost of solar energy is locked in at low-rate for full length of the agreement
