

Providing Solar For Nonprofit Organizations

RE-volv offers zero down solar financing to community-serving nonprofits nationwide.

RE-volv's Mission

RE-volv is an equity-informed, clean energy access organization that helps nonprofits in underinvested communities across the country go solar, while raising awareness about equitable climate solutions, and training the next generation of clean energy leaders.

Why Choose Us

RE-volv is a nonprofit

We are a fellow nonprofit that has operated since 2011 and completed over 100 solar projects in 18 states.

Immediate savings

Install solar and experience electricity bill savings on day one, then invest the savings back into your nonprofit's mission.

Solar for zero down

There are no upfront costs or hidden fees when partnering with RE-volv.

Lifetime maintenance

RE-volv handles the project design and installation. Afterwards, we provide lifetime maintenance for your solar system.

Solar celebration and promotion

RE-volv continues to promote and uplift your nonprofit after project completion.

How It Works

Free Consultation

RE-volv provides a free consultation call and solar quote.

Partnership Agreement

If you meet eligibility requirements, RE-volv and the nonprofit sign into a partnership agreement.

Installation

An accredited local solar installer installs your solar panel system. Nonprofits put zero money down.

Save On Electricity

Nonprofits save 15% or more on their electricity bills from day one and lock in low electricity rates for 20+ years.

RE-volv Solar Financing Options

RE-volv provides solar financing to nonprofits through three innovative financing tools: a Loan, a Power Purchase Agreement (PPA) or a Lease. RE-volv helps nonprofits maximize their energy bill savings by incorporating all federal, state, and local incentives, rebates, and tax credits into the financing agreement. With RE-volv's Solar Lease and PPA financing options, all warranties, operations and maintenance are covered.
