

Our Promises for a brighter world

Since our foundation in 1851, Dole has worked hard to do good, provide good nutrition and do no harm to our planet. The launch of the Dole Promise and the steps we have taken in the past year demonstrate our strong commitment to reducing the impact of our operations. Going forward, we will endeavor to make huge progress toward our goals every year.

77%
of our packaging portfolio already meets our commitment and converting the remaining 23% is our priority
