

StarTech.com 14-inch MacBook Pro 21/23 Laptop Privacy Screen, Anti-Glare Privacy Filter with 51% Blue Light Reduction, Monitor Screen Protector with +/- 30 deg. Viewing Angle(14M21-PRIVACY-SCREEN)

StarTech.com 14-inch MacBook Pro 21/23 Laptop Privacy Screen, Anti-Glare Privacy Filter with 51% Blue Light Reduction, Monitor Screen Protector with +/- 30 deg. Viewing Angle - Reversible Matte/Glossy Sides (14M21-PRIVACY-SCREEN) - Notebook privacy filter (horizontal) - 14" - transparent - for Apple MacBook Pro (14.2 in, 14.2 in, Early 2023, Late 2021)

This laptop privacy screen is compatible with the 2021 and 2023 14" MacBook Pro laptops.

Key Selling Points

- Protect sensitive visual data
- Reduce eye strain
- Reversible filter
- Hassle-free application

Product Features

Prevent visual eavesdropping

This privacy filter is a convenient and cost-effective solution to protect confidential data from unwanted viewers. The privacy shield darkens your MacBook's screen from the side while providing a clear viewing angle of 60 degrees (+/-30 degrees from center) to the user.

Reversible filter

The privacy screen protector is reversible, with a matte anti-glare side for environments prone to glare and a high-gloss side that helps retain color vibrancy. The matte side provides additional screen protection with a fingerprint and scratch resistant coating. The privacy shield has a light transmittance of 57.5% providing optimal screen brightness and enhanced levels of privacy.

Hassle-free installation

The privacy filter is an exact fit design that will not interfere with top-mounted webcams, sensors, or when closing the lid. Affix the privacy screen shield using the included transparent and residue-free adhesive strips.

Blue light reduction

Reduce eye strain and improve visual comfort with this blue light reducing privacy shield. It blocks up to 51% of the blue light emitted from the display in the 380 nm to 480 nm wavelength range. Digital eye strain can lead to symptoms like headaches, dry eyes, and blurred vision.

Main Specifications

Product Description	StarTech.com 14-inch MacBook Pro 21/23 Laptop Privacy Screen, Anti-Glare Privacy Filter with 51% Blue Light Reduction, Monitor Screen Protector with +/- 30 deg. Viewing Angle - Reversible Matte/Glossy Sides (14M21-PRIVACY-SCREEN) - notebook privacy filter (horizontal)
