

UAG Metropolis Series(114454113940)

UAG Metropolis Series - Back cover for mobile phone - MagSafe compatibility - thermoplastic polyurethane (TPU), DuPont Kevlar - kevlar black - for Apple iPhone 16

The Metropolis LT iPhone 16 MagSafe Case offers the perfect blend of subtle style and advanced protection. Expertly engineered for real-world use, this iPhone 16 case is designed to keep your device safe from everyday challenges. It features a durable TPU frame and an impact-absorbing inner bumper for comprehensive protection against drops and bumps. With sculpted corners that enhance drop resistance and premium protective inlay options, this case combines style with rugged durability, allowing you to transition seamlessly from the office to outdoor adventures. Hidden within its slim design is a powerful built-in magnet module, making it a top MagSafe case choice for effortless charging and secure functionality. Discover the perfect balance of functionality and protection with the redesigned Metropolis LT series.

Key Selling Points

- Made from DuPont Kevlar and TPU for durability
- Military Standard 810G tested for drop protection
- Features enhanced corner protection and shock-absorbent design
- Supports wireless charging and MagSafe compatibility
- Eco-friendly with 50% recycled materials

Product Features

- Durable construction for reliable protection**  
The case is constructed with DuPont Kevlar and thermoplastic polyurethane (TPU) to ensure long-lasting durability and safeguard the device from everyday wear and tear.
- Military-grade drop protection**  
Tested to meet Military Standard 810G, this case can withstand drops from heights of up to 5.4 m, providing protection against impacts.
- Lightweight and user-friendly design**  
Designed to be featherlight, the case allows for easy handling and does not add unnecessary bulk to your phone, while the wireless charging support ensures seamless usability.
- Enhanced grip and convenience**  
The hex pattern provides additional grip, and integrated lanyard anchor points offer added convenience for carrying or securing the device.
- Eco-conscious choice**  
Made from 50% recycled materials, this case not only protects your device but also supports sustainability efforts, making it an eco-friendly option.
