Poly Studio - USB video bar - Zoom Certified, Certified for Microsoft Teams - black

The HP Inc. Poly Studio is a video conferencing device designed to elevate communication experiences. This USB video bar integrates into any workspace with a sleek form factor and powerful audiovisual capabilities. With a digital video capture resolution of 3840 x 2160, the Poly Studio delivers clear imaging ideal for professional environments.

Equipped with a 6-microphone array featuring beamforming technology, this device ensures that every voice is heard with precision. The integrated stereo speakers enhance audio clarity, creating a natural sound environment. Additionally, features such as Poly NoiseBlockAI and Poly DirectorAI technology improve meeting experiences by managing background noise and optimizing camera framing and tracking, making every meeting more engaging and productive.

Key Selling Points

- 6-microphone array for enhanced audio input
- 3840 x 2160 resolution for high-quality video output
- Integrated features for background noise reduction
- Zoom and Microsoft Teams certified for reliable use
- Wide camera field of view for optimal participant visibility

Product Features

- Advanced audio capabilities**  
The Poly Studio incorporates a 6-microphone array with beamforming technology, allowing for precise audio capture that focuses on active speakers while minimizing background noise.
- High-resolution video quality**  
With the ability to capture video at 3840 x 2160 resolution, the Poly Studio provides clear and detailed visuals, ensuring that every participant appears sharp and professional.
- Intelligent noise management**  
Poly NoiseBlockAI technology detects and eliminates distracting sounds, while Poly DirectorAI technology enhances participant visibility through smart camera framing.
- User-friendly compatibility**  
Certified for use with Zoom and Microsoft Teams, the Poly Studio simplifies setup and integration into existing communication workflows, ensuring a hassle-free experience.
- Broad field of view**  
Featuring a 120° diagonal field of view and 110° horizontal field of view, this device captures a wide area, making it ideal for collaborative environments and allowing all participants to be seen.

Main Specifications

Product Description	Poly Studio
Device Type	USB video bar
Localisation	English / United Kingdom
Video Input	Digital video camera
Audio Input	6-microphone array - beamforming
Audio Output	Speaker(s) - stereo
Power	AC 100-240 V (50/60 Hz)
Software Certification	Zoom Certified, Certified for Microsoft Teams
System Requirements	Windows 10, Windows 8.1, Microsoft Windows 7, Apple macOS 10.12, Apple macOS 10.13, Apple macOS 10.14
Manufacturer Warranty	1-year warranty

# Extended Specification

## General

Device Type	USB video bar
Dimensions & Weight Details	Video bar - Width 70 cm Depth 7 cm Height 10.5 cm Weight 2.342 kg   Video bar (with stand) - Width 70 cm Depth 7 cm Height 15.6 cm Weight 2.856 kg
Built-in Devices	6 microphone array, stereo speakers
Enclosure Colour	Black
Localisation	English / United Kingdom

## Expansion / Connectivity

Interfaces	1 x USB-C - 24 pin USB-C   1 x audio   1 x microphone / audio
------------	---------------------------------------------------------------

## Manufacturer Warranty

Service & Support	Limited warranty - 1 year
-------------------	---------------------------

## Miscellaneous

Software Certification	Zoom Certified, Certified for Microsoft Teams
------------------------	-----------------------------------------------

## Power

Power Device	Power adapter - external
Voltage Required	AC 100-240 V (50/60 Hz)

## Software / System Requirements

Software Included	Poly Lens management software
OS Required	Windows 10, Windows 8.1, Microsoft Windows 7, Apple macOS 10.12, Apple macOS 10.13, Apple macOS 10.14

## Environmental Parameters

Min Operating Temperature	0 °C
Max Operating Temperature	40 °C
Humidity Range Operating	15 - 80%

## Video Input

Type	Digital video camera - external
Digital Video Capture Resolution	2160p, 3840 x 2160
Video Modes	4K, 2160p
Digital Zoom	5
Features	120° diagonal field of view, 110° horizontal field of view (camera), Poly DirectorAI technology, Poly NoiseBlockAI technology, security slot (Kensington security lock compatible), speaker framing, presenter tracking, Conversation Mode, integrated lens cover, 4.57 m microphone pickup range, USB Device mode

## Audio Output

Type	Speaker(s)
Sound Output Mode	Stereo

## Audio Input

Type	6-microphone array - integrated
Microphone Operation Mode	Beamforming
