

Logitech Tap IP(952-000085)

Logitech Tap IP - Video conferencing device - graphite

Deploy video meeting rooms at scale with Logitech Tap IP, a touch controller that delivers the simplicity of one-touch join and a consistent experience across all video conferencing rooms.

With a single PoE cable and available Table, Riser, Wall mounts, Tap IP can be conveniently installed anywhere in the room. Prevent the controller from being unplugged thanks to clean cable management, and be confident that each room stays ready for the next video meeting.

Tap is sold as a standalone device for custom deployments or as part of Logitech room solutions bundles for Microsoft Teams, Zoom Rooms, and other video conferencing services.

Key Selling Points

- Clean and convenient setup
- Simple and secure cabling
- Multiple mounting options
- Single cable simplicity
- Designed for any room
- Pairs well with partners
- Simple to manage with Logitech Sync

Product Features

- Clean and convenient setup**

With a spacious display, low profile, and motion sensor for always-on readiness, Tap IP has a sleek and unobtrusive presence in the room.
- Simple and secure cabling**

Streamline setup with a single cable that can be routed through the back or below the device. Keep connections tight with built-in strain relief and retention mechanisms.
- Multiple mounting options**

Install Tap IP almost anywhere in the room with Table and Riser Mounts that fit standard table grommets and rotate 180° for visibility and convenience. Or save table space in small rooms with the Wall Mount.
- Single cable simplicity**

With a single Power over Ethernet cable, place Tap IP conveniently near room participants for a tidy and professional install.
- Designed for any room**

Provide a consistent one-touch join experience in rooms of virtually any size or shape.
- Pairs well with partners**

Enable easy and effective meetings for onsite and remote workers. Tap IP and the Logitech suite of room solutions integrate with leading video conferencing services for a seamless meeting experience.
- Simple to manage with Logitech Sync**

With Logitech Sync, you can monitor and manage Tap IP along with your other meeting room devices from one single platform.

Main Specifications

Product Description	Logitech Tap IP - video conferencing device
Device Type	Video conferencing device
Dimensions (WxDxH)	24.62 cm x 17.13 cm x 5.61 cm
Display	10.1" IPS / 1280 x 800
Networking	IEEE 802.11a, IEEE 802.11ac, IEEE 802.11b, IEEE 802.11g, IEEE 802.11n, Ethernet, Fast Ethernet, Bluetooth 5.0
Manufacturer Warranty	2-year warranty

Extended Specification

General

Device Type	Video conferencing device
Width	24.62 cm
Depth	17.13 cm
Height	5.61 cm
Built-in Devices	PIR sensor, accelerometer
Enclosure Colour	Graphite

Expansion / Connectivity

Interfaces	1 x network - Ethernet 10Base-T/100Base-TX (PoE) - RJ-45
------------	--

Manufacturer Warranty

Service & Support	Limited warranty - 2 years
-------------------	----------------------------

Networking

Connectivity Technology	Wired, wireless
Data Link Protocol	IEEE 802.11a, IEEE 802.11ac, IEEE 802.11b, IEEE 802.11g, IEEE 802.11n, Ethernet, Fast Ethernet, Bluetooth 5.0
Features	ARM TrustZone, security slot (Kensington security lock compatible)
Compliant Standards	IEEE 802.11a, IEEE 802.11ac, IEEE 802.11b, IEEE 802.11g, IEEE 802.11n, Bluetooth 5.0

Miscellaneous

Compliant Standards	IEEE 802.3af, VESA FDMI, AES-128
---------------------	----------------------------------

Environmental Parameters

Min Operating Temperature	0 °C
Max Operating Temperature	40 °C
Humidity Range Operating	10 - 95%

Display

Technology	IPS
Diagonal Size	10.1"
Native Resolution	1280 x 800
Image Brightness	400 cd/m²
Image Contrast Ratio	1000:1
Monitor Features	85° viewing angle, LED-backlit, 10-point multi-touch, anti-fingerprint, ambient lighting, 100 x 100 VESA mounting, touch screen
