

Cisco Meraki(MA-SFP-1GB-TX)

Cisco Meraki - SFP (mini-GBIC) transceiver module - 1GbE - 1000Base-TX - for Cisco Meraki MX100, MX400, MX600, MX80; Cloud Managed Ethernet Aggregation Switch MS420

The Cisco Meraki SFP (mini-GBIC) transceiver module is a high-performance, wired connectivity solution designed to meet the needs of modern networks. With compatibility across a wide range of Cisco Meraki devices, including switches, firewalls, and security appliances, this module offers a versatile solution for enhancing your network's capabilities. It supports Ethernet 1000Base-TX cabling and provides a data transfer rate of 1 Gbps, making it suitable for high-speed data operations. The plug-in module form factor facilitates easy installation, allowing for quick network expansion or module replacement with minimal disruption. Whether upgrading an existing network or setting up a new one, this transceiver module provides a reliable and efficient connectivity solution.

Key Selling Points

- Seamless integration with Cisco Meraki devices
- 1 Gbps data transfer rate for high-speed connectivity
- Supports Ethernet 1000Base-TX for reliable network performance
- Plug-in module design ensures easy installation

Product Features

- Enhanced compatibility**
Designed to seamlessly integrate with Cisco Meraki switches, firewalls, and security appliances, this SFP (mini-GBIC) transceiver module ensures a smooth connection to your existing infrastructure without the need for extensive modifications or upgrades.
- High-speed connectivity**
With a data transfer rate of 1 Gbps and support for Ethernet 1000Base-TX cabling, this module offers wired connectivity that meets the demands of high-speed data operations, ensuring efficient and reliable network performance for business-critical applications.
- Easy installation**
The plug-in module form factor allows for straightforward installation, making it an ideal solution for quickly expanding network capacity or replacing existing modules with minimal downtime.

Main Specifications

Product Description	Cisco Meraki - SFP (mini-GBIC) transceiver module - 1GbE
Device Type	SFP (mini-GBIC) transceiver module
Form Factor	Plug-in module
Cabling Type	1000Base-TX
Data Transfer Rate	1 Gbps
Data Link Protocol	1GbE
Designed For	Cisco Meraki MX100, MX400, MX600, MX60W, MX80, MX90; Cloud Managed MS220-24, MS220-24P, MS220-48, MS220-48FP, MS220-48LP, MS220-8, MS220-8P, MS320-24, MS320-24P, MS320-48, MS320-48FP, MS320-48LP, MS420-24, MS420-48; Cloud Managed Ethernet Aggregation Switch MS420-24, MS420-48

Extended Specification

General

Device Type	SFP (mini-GBIC) transceiver module
Form Factor	Plug-in module

Expansion / Connectivity

Interfaces	1 x Ethernet 1000Base-TX
------------	--------------------------

Networking

Connectivity Technology	Wired
Cabling Type	1000Base-TX
Data Link Protocol	1GbE
Data Transfer Rate	1 Gbps

Compatibility Information

Designed For	Cisco Meraki MX100, MX400, MX400 Cloud Managed, MX600, MX600 Cloud Managed, MX60W Cloud Managed, MX80 Cloud Managed, MX90 Cisco Meraki Cloud Managed MS220-24, MS220-24P, MS220-48, MS220-48FP, MS220-48LP, MS220-8, MS220-8P, MS320-24, MS320-24P, MS320-48, MS320-48FP, MS320-48LP, MS420-24, MS420-48 Cisco Meraki Cloud Managed Ethernet Aggregation Switch MS420-24, MS420-48
