Key Selling Points

- Sturdy laptop stand
- Foldable design
- Tilt adjustment
- Open-frame design

Product Features

- Sturdy laptop stand**
The elegant laptop riser features aluminum construction to ensure durability and sturdiness and a silver anodized. The support area facilitates passive cooling by reducing airflow restriction around the base of the mounted device. Non-skid rubber feet protect the work surface from scratches and scuffs, including glass top desks.
- Foldable design**
The ultra-lightweight collapsible stand is ideal for users who require a stand that is portable and can be quickly deployed. The width of this laptop computer stand is adjustable, ranging from 2 - 7.17 inches (5.1 - 18.2 cm), ensuring multi-device compatibility.
- Tilt adjustment**
The ergonomic laptop stand features 9 different angle adjustments (15° - 84°) to help you find a comfortable viewing angle. The raised lip at the front and the anti-slip rubber pads prevent the laptop from shifting while making adjustments and during operation. In addition, the pads protect the mounted device from cosmetic damage.
- Open-frame design**
Vented aluminum fanless design improves passive airflow underneath the laptop and increased heat dissipation reduces fan noise and heat stress on laptop hardware and improves laptop performance and longevity.
