

Panasonic G2 Keyboard(FZ-VEKG21LE)

Panasonic FZ-VEKG21L - Keyboard - emmissive - Rugged - backlit - QWERTY - UK - for Toughbook G2

Discover the Panasonic FZ-VEKG21L, a keyboard designed for any challenging environment. With its IP65 rating, it's protected against dust and water, ensuring your productivity remains high, no matter the conditions. The durable design allows you to work with confidence in any setting. And when the lights go down, the backlit keys ensure your work continues uninterrupted, providing visibility in low-light conditions. This keyboard is built to ensure you can always keep going, making it a reliable companion for anyone who needs dependable performance from their equipment.

Key Selling Points

- IP65 rated for water and dust resistance
- Backlit keys for low-light typing
- Rugged design for enhanced durability
- Compatible with PC for versatile use

Product Features

Enhanced durability
Designed to withstand tough conditions, this keyboard has an IP65 rating, ensuring it's dust-tight and protected against water projected from a nozzle, making it suitable for challenging environments

Optimized for visibility
With its backlit keys, this keyboard ensures that you can type in low light conditions without missing a beat. Whether you're working late into the night or in dimly lit areas, the backlit feature improves your typing experience
