

Kensington Pro Fit Low-Profile Desktop Set(K75230UK)

Kensington Pro Fit Low-Profile Desktop Set - Keyboard and mouse set - wireless - 2.4 GHz - UK

The Kensington Pro Fit Low-Profile Desktop Set is a comprehensive solution designed to enhance your computing experience, whether at home or in the office. This set includes a wireless keyboard and mouse, both of which connect via a 2.4 GHz interface, ensuring a reliable and clutter-free connection. The keyboard is equipped with special keys for browser, email, and multimedia control, alongside a numeric keypad to facilitate quick data entry and calculations. The mouse, designed for ambidextrous use, features an optical sensor with a 1000 DPI resolution for precise tracking. Together, they create an efficient and comfortable desktop environment that caters to both Mac and PC users, making it a versatile addition to any workspace.

Key Selling Points

- Compatible with both Mac and PC for versatile use
- Wireless connectivity with 2.4 GHz interface for a clean, cable-free setup
- Includes a USB wireless receiver for simple, immediate connection
- Keyboard features browser, email, and multimedia keys for quick access
- Optical mouse with 1000 DPI for precise, smooth control

Product Features

- Seamless compatibility**
Designed to work effortlessly with both Mac and PC, the Kensington Pro Fit Low-Profile Desktop Set ensures smooth integration into any workspace. Its dual compatibility eliminates the need for multiple input devices, streamlining your desktop setup.
- Wireless convenience**
Experience the freedom of wireless connectivity with the Kensington Pro Fit Desktop Set. The 2.4 GHz interface provides a reliable connection without the clutter of cables, paired with a USB wireless receiver for easy Plug-and-Play setup.
- Enhanced productivity**
Featuring dedicated browser, email, and multimedia keys, this keyboard and mouse set is tailored for efficiency. The inclusion of a numeric keypad further enhances data entry speed, making it a suitable choice for professionals.
- Precision control**
The optical mouse offers precise movement tracking with a 1000 DPI resolution, suitable for both right- and left-handed users. Its three-button design ensures easy navigation and functionality, complementing the keyboard's productivity features.
