

Cisco Expansion Power Module - power supply(PWR-IE50W-AC=)

Cisco Expansion Power Module - Power supply (DIN rail mountable) - AC 110-220/ DC 88-300 V  
- for P/N: IE-3000-4TC-E-INT

Key Selling Points

Supports 110/220 VAC and 88-300 VDC input  
24 VDC/2.1 amp output  
DIN-rail mount

Main Specifications

|                     |                                             |
|---------------------|---------------------------------------------|
| Product Description | Cisco Expansion Power Module - power supply |
| Device Type         | Power supply - DIN rail mountable           |
| Input Voltage       | AC 110-220/ DC 88-300 V                     |
| Output Voltage      | 24 V                                        |
| Designed For        | P/N: IE-3000-4TC-E-INT                      |

Extended Specification

General

|             |                                   |
|-------------|-----------------------------------|
| Device Type | Power supply - DIN rail mountable |
|-------------|-----------------------------------|

Power Device

|                      |                         |
|----------------------|-------------------------|
| Input Voltage        | AC 110-220/ DC 88-300 V |
| Output Voltage       | 24 V                    |
| Max Electric Current | 2.1 A                   |

Compatibility Information

|              |                        |
|--------------|------------------------|
| Designed For | P/N: IE-3000-4TC-E-INT |
|--------------|------------------------|
