The Vision TC-PUSBEU/30 power adapter is designed to meet the charging needs of both cellular phones and laptops with its dual output capabilities. It delivers 30 W, ensuring that devices recharge quickly and efficiently. The inclusion of Qualcomm Quick Charge 3.0 technology over USB Type-A and USB-C ensures fast charging for compatible devices. Constructed from durable acrylonitrile butadiene styrene (ABS) and polycarbonate (PC), this adapter provides robust performance and reliability. Compliant with various international standards, including RoHS, WEEE, and ISO 9001:2015, the Vision power adapter ensures safe and efficient operation. It also features GaN technology, which allows for a compact design without compromising performance. With a maximum electric current of 3 A, this charger is suitable for individual and professional use, providing a reliable solution for powering multiple devices simultaneously.

### Key Selling Points
