

OtterBox Defender Pro XT Magnets Samsung Galaxy Z Fold7 - black(77-98231)

OtterBox Defender Series Pro XT - Back cover for mobile phone - rugged - with magnets - black - for Samsung Galaxy Z Fold7

The OtterBox Defender Series Pro XT is designed for those who demand durable protection for their cell phones. Its rugged construction offers drop protection and dust protection, ensuring devices remain safe in various environments. The protective cover features built-in magnets for additional utility and usability, along with port covers that keep out dust and debris. The lanyard attachment point adds convenience, while the grippy edges ensure a secure hold during use.

Crafted with 50% recycled materials, this folding case provides essential protection and reflects a commitment to sustainability. The integrated wireless charging support means users can recharge their devices effortlessly without removing the case, making it a functional and eco-friendly choice for on-the-go lifestyles.

Key Selling Points

- Rugged protective cover design for cell phone
- Built-in magnets enhance functionality
- Dust and drop protection for added assurance
- Lanyard attachment point for convenience
- Crafted from 50% recycled materials

Product Features

- Durable protection**
The OtterBox Defender Series Pro XT provides drop protection and dust protection, ensuring cell phones remain safe during everyday use and in challenging conditions.
- Functional design**
Designed with built-in magnets, this protective cover enhances usability for effortless attachment while still supporting wireless charging.
- Convenient features**
Port covers shield entry points from dust and debris, while grippy edges provide a secure hold, ensuring that the phone remains in hand during activities.
- Eco-friendly materials**
This case is made from 50% recycled materials, combining protective capabilities with a commitment to environmental sustainability.
- Additional attachment point**
The lanyard attachment point offers added convenience, allowing users to secure their phone comfortably and keep it easily accessible.
