

Beats - back cover for mobile phone(MGJD4LL/A)

Beats - Back cover for mobile phone - camera control - MagSafe compatibility - polycarbonate - granite grey - for iPhone 17 Pro Max

The Apple Beats protective cover is designed for cell phone use, offering a sturdy solution for safeguarding devices. Made from durable polycarbonate material, this case features a hardshell back that provides drop and scratch protection. The matted finish gives it a sleek appearance, while the soft microfiber lining ensures the phone remains scratch-free. Built-in magnets allow for seamless wireless charging, enhancing user convenience. The double-shot design improves durability, and the shock absorbing sidewalls offer protection during impacts. With compatibility for camera control and MagSafe, this case combines functionality with style to meet everyday needs.

Key Selling Points

- Durable polycarbonate material provides drop and scratch protection
- Built-in magnets for seamless wireless charging
- Soft microfiber lining prevents scratches on the device
- Shock absorbing sidewalls ensure added protection
- Compatible with camera control and MagSafe

Product Features

- Durable construction**
The protective cover is made from polycarbonate, offering robust protection against drops and scratches while maintaining a lightweight profile.
- Wireless charging support**
Designed with built-in magnets, this case allows for effortless wireless charging, making it easy to power up without removing the cover.
- Comfortable lining**
The soft microfiber lining of the case enhances the feel and ensures that the phone's surface remains free of scratches.
- Shock absorbing design**
With shock absorbing sidewalls, this case effectively reduces the impact energy, providing protection during accidental drops.
- Camera function compatible**
The case is designed to support camera control, ensuring that photography remains convenient without having to remove the case.
