Product Features

- Meet, work, and co-create**
The Webex Desk Mini allows you to make any space an office with the same all-in-one benefits as Webex Desk and Webex Desk Pro but with the added value of portability. With its 15-inch touch display and small footprint, the Desk Mini is a perfect work companion to your laptop at any desk or temporary work space - whether you're working from the dining room table or your cabin all you need to get started is power.
- Work from any space**
With an integrated handle for carrying, small footprint and elevated display Desk Mini makes any space your instant office. It's the perfect work companion to your laptop. Simply connect via USB-C to your laptop or work with a wireless connection to the Webex app to create a compact desk space.
- Join any meeting**
Connect natively from the device with WebRTC, VIMT, or join any meeting from third-party meeting providers through USB-C leveraging the camera, speaker, and microphone.
- Seamless ideation**
Ideate with native digital whiteboarding tools including features like stickies, shapes, and content annotation - or download your own favorite web apps. Make brainstorming, design, and collaboration easy, whether in person or in a meeting. Drawing on the Desk Mini works with your finger or uses the same stylus as the Webex Desk and Desk Pro.
- Remote workers' wellbeing**
Increase productivity with a video first experience - benefit from proactive meeting notifications, one button to join meetings, easily accessible meeting and privacy controls. Ensure employee health with the ergonomically heightened camera and display for a healthy working position and natural face to face interaction.
