## Product Features

### **Powerful productivity apps with Microsoft Copilot**

Redefine what's possible with Microsoft Copilot alongside you in Word, Excel, PowerPoint and OneNote. Collaborate in real time, work offline and get design, writing and speaking suggestions in each app.

### **1 TB of cloud storage**

Get 1,000 GB of secure storage for your photos, files, videos, emails and more. Easily check, manage and upgrade your storage at any time, on any device.

### **Simplified online security**

Easily keep your phones, computers and privacy safer online with Microsoft Defender. Stay one step ahead of hackers and scammers with continuous device scanning for viruses, malicious apps and ransomware.

### **Secure photo and file storage**

Securely save your photos and files in OneDrive with built-in ransomware detection and file recovery. Access files across devices and protect what's most important in your Personal Vault folder secured with two-step identity verification.

### **Design and edit with AI**

Create, design and edit where and when you need it with Microsoft Designer and the power of generative AI. Make eye-catching images using only your words, craft next-level designs that pop and even edit photos like an expert.

### **Ad-free, secure email with Copilot**

Easily manage multiple email accounts and calendars in Outlook with built-in security tools that keep your information protected. Use Copilot to draft emails and summarize longer threads.

### **All-day video calling**

Join group calls and talk for up to 30 hours with up to 300 people with Microsoft Teams.

### **Quickly create forms and polls**

Use Copilot in Forms to generate and rewrite polls and surveys. Easily create and refine your questions, improve response options and get a detailed analysis of results.
