

Veeam (R0E26AAE)

Veeam - Technical support (uplift) - for Veeam Availability Suite Enterprise Plus - 1 CPU socket - OEM - ESD - phone consulting - 1 year - 24x7 - response time: 1 h

Modern data protection solutions combining HPE and Veeam products help secure corporate data, ensuring its continuous availability and protection. This allows the enterprise to quickly recover from any incident, from human error to a malicious attack.

Key Selling Points

- Fast data recovery
- Data protection modernization
- Transformation of danocentric workloads

Product Features

- Fast data recovery
- Reap the full potential of your company's data with rapid recovery from cyber attacks at a higher level of granularity.
- Modernize data protection
- Eliminate upfront capital expenditures and the risk of resource over-allocation with on-demand, cloud-type backup and recovery services.
- Transform danocentric workloads
- Protect corporate IT environments that include extensive containerized application deployments.
