

SuSE Linux Enterprise Server for HPC Head Node (M6K36AAE)

SuSE Linux Enterprise Server for HPC Head Node - Subscription (3 years) + 3 Years 24x7 Support - 1-2 sockets - electronic

You envision one single operating system for diverse architectures, in order to reduce the training and administration costs and workload to a minimum? Then SUSE LINUX Enterprise Server is the answer. No matter whether your IT infrastructure comprises 32-bit or 64-bit x86 systems, PowerPC-based systems, or even IBM mainframes, SUSE LINUX Enterprise Server is universally deployable. All supplied services and applications can be utilized on the most suitable hardware for the performance of the respective task. In this way, you can exploit your hardware in the best way possible without any need for additional training or extra costs.

Main Specifications

Product Description	SuSE Linux Enterprise Server for HPC Head Node - subscription - 1-2 sockets
Operating System	SuSE Linux Enterprise Server for HPC Head Node
Product Type	Subscription - 3 years
Licence Type	1-2 sockets
Bundled Support	3 Years 24x7 Support
Media	Electronic
Service & Support	New releases update

Extended Specification

General

Operating System	SuSE Linux Enterprise Server for HPC Head Node
Product Type	Subscription - 3 years
Bundled Support	3 Years 24x7 Support
Media	Electronic

Service & Support

Type	New releases update - 3 years Phone consulting - 3 years - availability: 24 hours a day / Monday-Sunday
------	---

Licencing

Licence Type	1-2 sockets
