

Veeam Availability Suite Universal (R4B41AAE)

Veeam Availability Suite Universal - Subscription licence renewal (5 years) + 24x7 Support - public sector - ESD

Veeam Availability Suite is Veeam's flagship backup solution that enables Intelligent Data Management that is simple, flexible and reliable. This comprehensive enterprise suite empowers organizations with advanced capabilities and powerful tools to effectively achieve their goals of achieving complete data protection, with high availability and reduced downtime. Businesses of all sizes, from small startups to the largest enterprises, embark on similar journeys for keeping their data protected and available, and Veeam Availability Suite is the complete tool for the job. Universal licensing is a portable subscription license that enables the products and workloads, deployable on premise or in a (multi) cloud environment.

Key Selling Points

- One solution that backs up your data, no matter where it is
- Intuitively manage your backups and your data from a single console
- Choose your storage and your cloud with no vendor lock-in
- Use your data as you see fit to protect and accelerate your business
