

Knox Guard (MI-OSKCG31WWT2)

Knox Guard - Subscription licence (3 years)

Knox Guard is a cloud-based service that allows telecom operators and insurance companies to remotely control and lock Samsung devices to reduce financial risks.

Key Selling Points

- Hardware-based Knox security
- Protecting against attempts to disable device lock
- Reminder notifications
- Restrict calls, SW flashing, USB/BT/NFC
- Use Knox web console or legacy system via server-side integration
- Auto installation of payment app
- Customizable device UX and messages

Product Features

- Deterrence of overdue payment
Knox Guard can help reduce the risk by lowering the device fraud rate (for both post- and pre-paid models).
- Deterrence of fraudulent theft claims
Knox Guard can minimize their motivation by locking down lost or stolen devices.
- Deterrence of device robbery in transit
Knox Guard can have all devices locked during the transit, so there is no reason to steal Samsung devices.
