Product Features

- Powerful productivity apps with Microsoft Copilot
 - Redefine what's possible with Microsoft Copilot alongside you in Word, Excel, PowerPoint and OneNote. Collaborate in real time, work offline and get design, writing and speaking suggestions in each app.
- Up to 6 TB of cloud storage (1 TB per person)
 - Each person you share the subscription with gets 1 TB (1,000 GB) of secure storage for their photos, files, videos, emails and more. And everyone can easily manage their storage at any time, on any device.
- Online protection for the whole family
 - Easily keep your family's phones, computers and privacy safer online with Microsoft Defender. Stay one step ahead of hackers and scammers with continuous device scanning for viruses, malicious apps and ransomware.
- Secure photo and file storage
 - Each person can securely save their photos and files in their own personal OneDrive with built-in ransomware detection and file recovery. They can easily access files across devices and protect what's most important in a Personal Vault folder secured with two-step identity verification.
- Design and edit with AI
 - Create, design and edit where and when you need it with Microsoft Designer and the power of generative AI. Make eye-catching images using only your words, craft next-level designs that pop and even edit photos like an expert.
- Ad-free, secure email with Copilot
 - Everyone can easily manage their own email accounts and calendars in Outlook with built-in security tools that keep their information protected.
 - Subscription owners can use Copilot to draft emails and summarize longer threads.
- All-day video calling
 - Join group calls and talk for up to 30 hours with up to 300 people with Microsoft Teams.
- Quickly create forms and polls
 - Use Copilot in Forms to generate and rewrite polls and surveys. Easily create and refine your questions, improve response options and get a detailed analysis of results.
