

Cisco (C9300-NM-2Q=)

Cisco - Expansion module - 40 Gigabit QSFP+ x 2 - for Catalyst 9300

Elevate your network's performance and efficiency with the Cisco expansion module. Designed to meet the demands of high-speed data operations, this module features two 40 Gigabit QSFP+ ports, ensuring robust connectivity and the ability to handle large volumes of data with ease. Its 40 Gbps data transfer rate makes it an ideal solution for environments requiring rapid data movement and minimal latency. As a plug-in module, it offers seamless integration with PCs, making it a straightforward upgrade that significantly enhances your network's capabilities without extensive downtime or complex installation processes. Whether you're looking to improve your data center's throughput or ensure your network infrastructure can support high-demand applications, this Cisco expansion module provides a reliable, efficient solution.

Key Selling Points

- 2 QSFP+ connectors for high-density, high-speed networking
- 40 Gbps data transfer rate enables rapid movement of large data volumes
- Plug-in module form factor for easy installation and integration
- Supports 40 Gigabit Ethernet for advanced network performance

Product Features

- Enhanced connectivity**
This expansion module offers a significant upgrade in your network's connectivity, providing two 40Gb Ethernet ports for high-speed data transfer and efficient network traffic management.
- Seamless integration**
Designed specifically for compatibility with PCs, this plug-in module integrates smoothly into your existing network infrastructure, ensuring a hassle-free setup and immediate enhancement of your system's capabilities.

Main specifications

Product Description	Cisco - expansion module - 40 Gigabit QSFP+ x 2
Device Type	Expansion module
Form Factor	Plug-in module
Ports	40 Gigabit QSFP+ x 2
Data Link Protocol	40GbE
Data Transfer Rate	40 Gbps
Designed For	Catalyst 9300

Extended specification

General

Device Type	Expansion module
Form Factor	Plug-in module

Expansion / Connectivity

Interfaces	2 x 40Gb Ethernet - QSFP+
------------	---------------------------

Networking

Ports	40 Gigabit QSFP+ x 2
Connectivity Technology	Wired
Data Link Protocol	40 Gigabit Ethernet
Data Transfer Rate	40 Gbps

Compatibility Information

Designed For	Cisco Catalyst 9300
--------------	---------------------
